PROFESSIONAL SUMMARY

Detail-oriented final-year Computer Science Engineering student seeking a Manual QA / Software Testing internship. Hands-on experience with manual test case design, functional and UI testing, bug reporting, API testing using Postman, Jira-based defect tracking, Chrome DevTools, and SQL fundamentals. Built and tested web applications with a focus on requirements validation, input handling, responsive behavior, and clear defect documentation.

TECHNICAL SKILLS

Testing & QA: Manual Testing, Test Case Design, Test Scenarios, Functional Testing, Smoke Testing, Sanity Testing, Regression Testing, Retesting, Exploratory Testing, Positive/Negative Testing, UI Testing, Bug Reporting

API & Tools: Postman, API Testing, Jira, Chrome DevTools, Git, GitHub, VS Code

Database: SQL, MySQL

Web Technologies: HTML, CSS, JavaScript

Programming: Python, C++, JavaScript

Core CS: SDLC, STLC, OOP, DBMS, Operating Systems, Computer Networks, DSA

PROJECTS

WeatherSphere Pro – Real-Time Weather Dashboard | *HTML, CSS, JavaScript, Open-Meteo API, Leaflet.js, Chart.js*

Responsive weather dashboard using real-time weather, air-quality and map data.

- Integrated Open-Meteo weather, geocoding and air-quality APIs and RainViewer radar data.
- Implemented location search, favorites, recent searches, dynamic themes, responsive UI and weather visualizations.
- Designed and executed 30 manual test cases covering functional, UI, responsive, input-validation and user workflows; 28 passed, 1 failed and 1 required review.
- Documented 3 defects with severity, priority, reproduction steps, expected/actual results and retest status; tracked a defect through Jira.

Tech News Dashboard – News Aggregator and Explorer | *HTML, CSS, JavaScript, News API*

Web application for searching, filtering and exploring technology news from multiple sources.

- Integrated a news API with category-based and keyword search functionality.
- Implemented search, filtering, sorting, pagination, loading, empty and error states with a responsive interface.
- Prepared QA scenarios around search, filters, categories, pagination, API responses, error handling and responsive behavior.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering | 2023–2027

KCC Institute of Technology and Management, Dr. A.P.J. Abdul Kalam Technical University (AKTU) | **CGPA: 8.05/10** (up to 6th Semester)

BS Degree in Data Science and Applications – IIT Madras | Foundation Level completed

CERTIFICATIONS

- Foundation Level in Programming and Data Science – IIT Madras BS Online Degree Program
- Introduction to Software Testing – Simplilearn SkillUp (add only after completing the free course and receiving the certificate)

RELEVANT STRENGTHS
